

LITTLE JC AND HIS BLUESBAND / BEFORE THEY DRIVE ME CRAZY

The Swiss Jean Claude Bovard proves he can play some bluesharp on this record. By the way, Little JC and his band have been backing up guitar legend Louisiana Red many times. The songs on this album are taken from the repertory of Little Walter, Jimmy Rogers, Sonny Boy and Lonesome Sundown. Genuine classics! In the same kind of Chicago blues Bovard writes his own songs as well. There's nothing worldshaking on this album, but after Swiss norms this must be a tremendous band. Only the vocals need some more refinement.
